

ANNUAL REPORT

(1) Filing of Annual Reports Until Full Bond Release

SCM will file copies of an annual report with the MDEQ (2 copies) and the Office of Surface Mining Reclamation and Enforcement (2 copies) within 30 days of the permit anniversary date until full bond release is obtained.

(2) Annual Report Contents

SCM will include the information requested by this rule in each annual report. In addition, SCM will provide an annual summary of pre-mine vegetation types affected by mining and a summary of post-mine reclamation types reclaimed during the annual report period. The acreage summaries will be delineated according to the Central Field Permit, the South Fork Amendment, and the Pearson Creek Amendment unless otherwise approved by the Department.

(3) Annual Report Maps

Maps submitted with each annual report will be certified in accordance with Section 17.24.305.
