

Section 17.24.521

TEMPORARY CESSATION OF OPERATIONS

(1) Facility Security

In the event of temporary cessation of mining operations, the mine permit area will be secured against unauthorized entry until operations are resumed. SCCC shall comply with all approved permit provisions during the time of temporary cessation.

(2) Submittal of Notice to Temporarily Cease Operations

If it is known that a temporary cessation will exceed 30 days, SCCC will submit a statement including the exact number of acres affected in the permit area, the extent and kind of reclamation of areas disturbed, identification of backfilling, regrading, revegetation, environmental monitoring, and water treatment activity that will continue following 30 days after mine operations are stopped.
