

17.24.302 Format and Supplemental Information

Spring Creek Mine complies with provisions of this Rule by supplying accurate, current, clear and concise information which is supported by appropriate reference material. All other aspects of this Rule are contained within this document.

References throughout all permit documents may indicate prior entities that had ownership or control of the Spring Creek Mine at a specific point in time. These references may include the following:

- Spring Creek Coal Company
- SCCC
- Spring Creek Coal, LLC
- SCC
- Cloud Peak Energy
- CPE

On October 24, 2019, the Navajo Transitional Energy Company, LLC (NTEC) acquired the Spring Creek Mine (SCM). Spring Creek Mine will endeavor to update all of the above references to one of the following, but it may take time beyond the permit transfer revision to complete this task.

- “the operator”
- Spring Creek Mine
- SCM
