1. PARTIES

THIS CONTRACT is entered into by and between the State of Montana, Department of Administration, Information Technology Services Division, Public Safety Services Bureau, (hereinafter referred to as "the State"), whose address and phone number are P. O. Box 200117, 111 N. Last Chance Gulch, Suite 4A, Helena, MT 59620-0115, (406) 444-2782 and Aviat U.S., Inc., (hereinafter referred to as the "Contractor"), whose address and phone number are 637 Davis Drive, Morrisville, NC 27560 and (919) 767-5269.

THE PARTIES AGREE AS FOLLOWS:

2. EFFECTIVE DATE, DURATION, AND RENEWAL

2.1 Contract Term. This contract took effect on September 30, 2007, (or upon contract execution) and terminate on June 30, 2017, unless terminated earlier in accordance with the terms of this contract. (Mont. Code Ann. § 18-4-313.)

2.2 Contract Renewal. This contract may, upon mutual agreement between the parties and according to the terms of the existing contract, be renewed in two year intervals, or any interval that is advantageous to the State. This contract, including any renewals, may not to exceed a total of 10 years, at the option of the State.

3. COOPERATIVE PURCHASING

Under Montana law, public procurement units, as defined in section 18-4-401, MCA, have the option of cooperatively purchasing with the State of Montana. Public procurement units are defined as local or state public procurement units of this or any other state, including an agency of the United States, or a tribal procurement unit. Unless the bidder(s)/offeror(s) objects, in writing, to the State Procurement Bureau prior to the award of this contract, the prices, terms, and conditions of this contract will be offered to these public procurement units. However, the State Procurement Bureau makes no guarantee of any public procurement unit participation in this contract.

4. NON-EXCLUSIVE CONTRACT

The intent of this contract is to provide state agencies with an expedited means of procuring supplies and/or services. This contract is for the convenience of state agencies and is considered by the State Procurement Bureau to be a "Non-exclusive" use contract. Therefore, agencies may obtain this product/service from sources other than the contract holder(s) as long as they comply with Title 18, MCA, and their delegation agreement. The State Procurement Bureau does not guarantee any usage.

5. COST/PRICE ADJUSTMENTS

5.1 Price Adjustments Negotiated Based on Changes in Contractor's Costs. Price adjustments may be permitted at the time of contract renewal through a process of negotiation with the Contractor and the State. Any price increases must be based on demonstrated industry-wide or regional increases in the Contractor's costs. Publications such as the Federal Bureau of Labor Statistics and/or the Consumer Price Index (CPI) for all Urban Consumers may be used to determine the increased value.

Only actual shipping cost will be paid to the contractor following delivery of equipment, with submission of shipping documentation and invoice

6. SERVICES AND/OR SUPPLIES

6.1 Equipment/Service Categories. Contractor agrees to provide to the State the following digital microwave equipment and support services in accordance with RFP-outlined Technical and Performance Specifications in Sections 3.4.1 through 3.4.8. The contractor is pre-qualified to provide outdoor mounted 4.9 GHz, 6 GHz, 11/18/23 GHz, Last-Mile Hop Solutions and/or indoor mounted radio as identified in the table below.

Contractor Name	Outdoor Mount 4.9 GHz-Licensed Radio	Outdoor Mount 6 GHz-Licensed Radio	Outdoor Mount 11/18/23 GHz-Licensed Radio	Last-Mile Hop Solutions	Indoor Mount Radio, Any Spectrum
Aviat U.S., Inc.	N/A	X	X	X	X

6.1.1 Outdoor Mount Radio Equipment. The Outdoor Mount Radio Equipment shall meet the following guidelines:

- Currently tested and used product.
- Panel or dish antennas operate effectively in a high-background noise environment and be frequency independent.
- Capable of operations from +130° F to -40° F in extreme Montana environmental conditions (operational and environmental criteria must be defined and guaranteed).
- Standard configuration and space diversity with all associated equipment and antenna modifications.
- All hardware, software, antenna and any system change requirements for OC3-level or higher capacity upgrades.
- All internal equipment fits into a 19" rack (including power supplies and batteries).

6.1.2 Support Services. Contractor agrees to provide to the State the following services as needed:

- System Design
- Path Analysis
- Frequency Design, Acquisition and Licensing
- Integration
- Acceptance Testing to include:
 - Signal strength.
 - Power outputs.
 - Lag time from the site to the Master Controller (not to exceed 20 ms).
 - Bit Error Rate.
 - Hop-to-hop and completed site to the Master Controller site.
 - Full compliance with technical equipment specifications.
 - Motorola link requirements.

6.1.3 Interface To Existing Microwave Equipment. All installations must connect with existing Stratex and Harris systems within the IM Project, while providing for expansion to a statewide system. The design requires a combination of ring and hot standby protected circuits, with the capability of being upgraded to accommodate a statewide ring formation. Any additional equipment, software or support that is necessary to make proposed equipment interface with existing network systems in Montana shall be clearly defined to make the vendor's equipment work according to technical and performance requirements. Needs shall be examined and equipment proposed along with limited engineering support service solutions on an as-needed basis.

6.1.4 Method of Providing Services. Contractor agrees to provide to the State the following:

- Standard Warranty Options
- Extended Warranty Options
- Maintenance Contract Options
- Technician-Level Factory Training Options for systems of five microwave hops or more.
- Spares
- Factory Staging
- Field Storage
- Installation

6.1.5 Capacity Upgrades. Contractor's 6 and 11/18/23 GHz equipment shall be upgradeable to an OC3 or greater either through software or hardware. All 6 GHz microwave radios shall have a minimum of OC-3 capacity, with options for upgrade without complete system forklift. All 4.9 GHz-licensed and 11/18/23 GHz-licensed radio systems shall have a minimum DS3 capacity, with options for upgrade.

6.1.6 Network Monitoring. Contractor shall include network management and software for a minimum of five license upgrades for 24-hour statewide monitoring equipment/software for the digital microwave system that can detect which hops are down, which generators are running, and other parameters, such as battery operation, temperatures, equipment alarms, and building security alarms.

6.1.7 Documentation. All equipment installation shall be fully documented with Diagrams in Microsoft Visio 2003, Spreadsheets in Microsoft Excel and Documents in Microsoft Word. At least one "as-built" hard copy shall be supplied per site along with five electronic copies per site, including

- A tower diagram with microwave antenna placement to include center lines, direction and distance to receiving antenna.
- Rack content description, including an itemized list of model and serial numbers of all major components.
 - List of equipment at each site, including the measured input and output signal strength.
 - A channel plan down to the DS0 level.
 - Copy of the FCC License.
 - A complete set of service manuals for all equipment per site.

6.1.7.1 All installed equipment at sites will include a detailed inventory list, to include make, model, serial number and other important information for all major components and each location.

6.1.7.2 Prior to final acceptance of equipment, systems and operations, the contractor will provide:

- i. Written notice of completion and certification;
- ii. A copy (hard and electronic) of all test results;
- iii. Provide 'as built' documentation of each location, including cross connects, T-1 provisioning, sites, etc. and
- iv. Equipment list per location, as defined above.

6.1.7.3 Additional testing and acceptance criteria will be defined in individual SOW.

7. CONSIDERATION/PAYMENT

7.1 Payment Schedule. In consideration for the digital microwave equipment and support services to be provided, the State shall pay as follows:

All equipment and labor cost(s) will be based on the attached price list. These costs will be used when ordering and issuing task orders under this term contract unless amended through a formal contract amendment. No other prices are allowed without prior approval of state.

7.1.1 Upon completion of work by the contractor, Harris Stratex Networks shall issue invoices to Customer for such work completed in an amount not to exceed any contracted and agreed upon price for such services; and Customer agrees to pay for completed work hereunder as specified on the invoice submitted.

The invoice sign off process shall include certification from Harris Stratex Networks that work is completed, all equipment has been installed, and include all required completion documents and an inventory list of the installed equipment.

Equipment invoicing, if not installed at time of invoicing, must include a copy of the bill of lading or similar document showing part numbers, clearly show where the equipment is stored, and have a legible signature of the person responsible for the inventory and storage of the equipment.

Invoices must clearly show the project number and title, invoice number and date.

Invoices will be submitted to Irene Bushnell at the address listed below. Ms. Bushnell will be responsible for getting authorization by the Project Manager that work has been completed and will then direct the invoice to the correct Montana agency for payment.

Anderson ZurMuehlen
PO Box 1040
Helena, MT 59624-1040
Tel: 406-457-7026 Fax: 406-442-1100

7.1.2 All quotes and contract SOW documents shall include a clear project title with IM# prefix.

7.1.3 If a discrepancy exists between the request for quote (RFQ) and negotiated scope of work (SOW), the information contained in the RFQ shall govern.

7.2 Withholding of Payment. The State may withhold payments to the Contractor if the Contractor has not performed in accordance with this contract. Such withholding cannot be greater than the additional costs to the State caused by the lack of performance.

7.3 Purchasing Card. The State of Montana has a Purchasing Card Program in place that gives agencies the ability to charge purchases made from these contracts. The State of Montana prefers this method of payment.

7.4 Contractor Registration (for construction). The Contractor will be registered with the Department of Labor and Industry under sections 39-9-201 and 39-9-204, MCA, *prior* to contract execution. The State cannot execute a contract for construction to a Contractor who is not registered. (Mont. Code Ann. § 39-9-401.)

7.5 Contractor Withholding (for construction). Section 15-50-206, MCA, requires the state agency or department for whom a public works construction contract over \$5,000 is being performed, to withhold 1 percent of all payments and to transmit such monies to the Department of Revenue.

7.6 Montana Prevailing Wage Requirements. Unless superseded by federal law, Montana law requires that contractors and subcontractors give preference to the employment of Montana residents for any public works contract in excess of \$25,000 for construction or non-construction services in accordance with sections 18-2-401 through 18-2-432, MCA, and all administrative rules adopted pursuant thereto. Unless

superseded by federal law, each contractor shall ensure that at least 50% of the contractor's workers performing labor on a construction project are bona fide Montana residents. The Commissioner of the Montana Department of Labor and Industry has established the resident requirements in accordance with sections 18-2-403 and 18-2-409, MCA. Any and all questions concerning prevailing wage and Montana resident issues should be directed to the Montana Department of Labor and Industry.

In addition, unless superseded by federal law, all employees working on a public works contract shall be paid prevailing wage rates in accordance with sections 18-2-401 through 18-2-432, MCA, and all administrative rules adopted pursuant thereto. Montana law requires that all public works contracts, as defined in section 18-2-401, MCA, in which the total cost of the contract is in excess of \$25,000, contain a provision stating for each job classification the standard prevailing wage rate, including fringe benefits, travel, per diem, and zone pay that the contractors, subcontractors, and employers shall pay during the public works contract.

Furthermore, section 18-2-406, MCA, requires that all contractors, subcontractors, and employers who are performing work or providing services under a public works contract post in a prominent and accessible site on the project staging area or work area, no later than the first day of work and continuing for the entire duration of the contract, a legible statement of all wages and fringe benefits to be paid to the employees in compliance with section 18-2-423, MCA. Section 18-2-423, MCA, requires that employees receiving an hourly wage must be paid on a weekly basis.

Each contractor, subcontractor, and employer must maintain payroll records in a manner readily capable of being certified for submission under section 18-2-423, MCA, for not less than three years after the contractor's, subcontractor's, or employer's completion of work on the public works contract.

The nature of the work performed or services to be provided under this contract meets the statutory definition of a "public works contract" under section 18-2-401(11)(a), MCA, and falls under the category of both construction or non-construction services. The booklets containing Montana's 2007 Rates for construction and non-construction services can be found at

<http://www.ourfactsyourfuture.org/cgi/dataanalysis/?PAGEID=67&SUBID=244>

The most current Montana Prevailing Wage Booklet will automatically be incorporated at time of any renewal. It is the contractor's responsibility to ensure they are using the most current prevailing wages during performance of its covered work..

8. TERM CONTRACT REPORTING

Term contract holder(s) shall furnish annual reports of term contract usage. Each report shall contain the product description, total quantity sold of each item, total dollars expended, and the name of the agency purchasing the item. The first report for this term contract will be due July 15th of each year starting July 15, 2008.

Reported volumes and dollar totals may be checked by the State Procurement Bureau against State records for verification. Failure to provide timely or accurate reports is justification for cancellation of the contract and/or justification for removal from consideration for award of contracts by the State.

9. ENGINEERING ACCESS

Contractor may need to have access to engineering services depending on the nature of the project. The contractor(s) will be expected to consult with the State and develop a recommendation as to whether engineering services are needed for a given project. However, engineering methodologies are not the emphasis of this contract. Therefore, **NO** Architectural, Engineering and Land Surveying services are allowed under this term contract as defined under 37-67-101, MCA unless the procurement procedures of 18-8-204, MCA are followed.

10. PROJECT SELECTION

10.1 Project Identification. The State will be responsible for identifying projects, selecting a contractor, assigning a task order, and approving project payments.

10.2 Meetings. The contractor will be required to meet with state personnel at the onset of the project and periodically thereafter to resolve technical or contractual problems that may occur during the term of a project. The contractor may be required to attend meetings with other federal and state agencies and public meetings as directed by state personnel. The contractor may be required to meet with state personnel at the project site to conduct a site evaluation and discuss project issues.

The contractor will be given a minimum of three full working days notice of meeting date, time, and location. While face-to-face meetings are desirable, a conference call meeting may be substituted at the discretion of state personnel. Consistent failure to participate in meetings (two consecutive missed or rescheduled meetings) may result in termination of the task order and contract.

11. RESERVED

12. ACCESS AND RETENTION OF RECORDS

12.1 Access to Records. The Contractor agrees to provide the State, Legislative Auditor (or their authorized agents) access to any records necessary to determine contract compliance. (Mont. Code Ann. § 18-1-118.)

12.2 Retention Period. The Contractor agrees to create and retain records supporting the digital microwave equipment and support services for a period of three years after either the completion date of this contract or the conclusion of any claim, litigation or exception relating to this contract taken by the State of Montana or a third party.

13. ASSIGNMENT, TRANSFER AND SUBCONTRACTING

The Contractor shall not assign, transfer or subcontract any portion of this contract without the express written consent of the State. (Mont. Code Ann. § 18-4-141.) The Contractor shall be responsible to the State for the acts and omissions of all subcontractors or agents and of persons directly or indirectly employed by such subcontractors, and for the acts and omissions of persons employed directly by the Contractor. No contractual relationships exist between any subcontractor and the State.

14. HOLD HARMLESS/INDEMNIFICATION

The Contractor agrees to protect, defend, and save the State, its elected and appointed officials, agents, and employees, while acting within the scope of their duties as such, harmless from and against all claims, demands, causes of action of any kind or character, including the cost of defense thereof, arising in favor of the Contractor's employees or third parties on account of bodily or personal injuries, death, or damage to property arising out of services performed or omissions of services or in any way resulting from the acts or omissions of the Contractor and/or its agents, employees, representatives, assigns, subcontractors, except the sole negligence of the State, under this agreement.

15. LIMITATION OF LIABILITY

Except for damages caused by injury to persons or tangible property, or related to defending intellectual property provided under the contract, the Contractor's liability for contract damages is limited to direct damages.

16. REQUIRED INSURANCE

16.1 General Requirements. The Contractor shall maintain for the duration of the contract, at its cost and expense, insurance against claims for injuries to persons or damages to property, including contractual liability, which may arise from or in connection with the performance of the work by the Contractor, agents, employees, representatives, assigns, or subcontractors. This insurance shall cover such claims as may be caused by any negligent act or omission.

16.2 Primary Insurance. The Contractor's insurance coverage shall be primary insurance as respect to the State, its officers, officials, employees, and volunteers and shall apply separately to each project or location. Any insurance or self-insurance maintained by the State, its officers, officials, employees or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

16.3 Specific Requirements for Commercial General Liability. The Contractor shall purchase and maintain occurrence coverage with combined single limits for bodily injury, personal injury, and property damage of 1,000,000 per occurrence and 2,000,000 aggregate per year to cover such claims as may be caused by any act, omission, or negligence of the Contractor or its officers, agents, representatives, assigns or subcontractors.

16.4 Additional Insured Status. The State, its officers, officials, employees, and volunteers are to be covered and listed as additional insured's; for liability arising out of activities performed by or on behalf of the Contractor, including the insured's general supervision of the Contractor; products and completed operations; premises owned, leased, occupied, or used.

16.5 Specific Requirements for Automobile Liability. The Contractor shall purchase and maintain coverage with split limits of \$500,000 per person (personal injury), \$1,000,000 per accident occurrence (personal injury), and \$100,000 per accident occurrence (property damage), OR combined single limits of \$1,000,000 per occurrence to cover such claims as may be caused by any act, omission, or negligence of the contractor or its officers, agents, representatives, assigns or subcontractors.

16.6 Additional Insured Status. The State, its officers, officials, employees, and volunteers are to be covered and listed as additional insured's for automobiles leased, hired, or borrowed by the Contractor.

16.7 Specific Requirements for Professional Liability. The Contractor shall purchase and maintain occurrence coverage with combined single limits for each wrongful act of 1,000,000 per occurrence and 2,000,000 aggregate per year to cover such claims as may be caused by any act, omission, negligence of the Contractor or its officers, agents, representatives, assigns or subcontractors. Note: if "occurrence" coverage is unavailable or cost prohibitive, the Contractor may provide "claims made" coverage provided the following conditions are met: (1) the commencement date of the contract must not fall outside the effective date of insurance coverage and it will be the retroactive date for insurance coverage in future years; and (2) the claims made policy must have a three year tail for claims that are made (filed) after the cancellation or expiration date of the policy.

16.8 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be declared to and approved by the state agency. At the request of the agency either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the State, its officers, officials, employees, or volunteers; or (2) at the expense of the Contractor, the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claims administration, and defense expenses.

16.9 Certificate of Insurance/Endorsements. A certificate of insurance from an insurer with a Best's rating of no less than A- indicating compliance with the required coverages, has been received by the State Procurement Bureau, P.O. Box 200135, Helena, MT 59620-0135. The Contractor must notify the State immediately, of any material change in insurance coverage, such as changes in limits, coverages, change in status of policy, etc. The State reserves the right to require complete copies of insurance policies at all times.

17. COMPLIANCE WITH WORKERS' COMPENSATION ACT

Contractors are required to comply with the provisions of the Montana Workers' Compensation Act while performing work for the State of Montana in accordance sections 39-71-401, 39-71-405, and 39-71-417, MCA. Proof of compliance must be in the form of workers' compensation insurance, an independent contractor's exemption, or documentation of corporate officer status. Neither the contractor nor its employees are employees of the State. This insurance/exemption must be valid for the entire term of the contract. A renewal document must be sent to the State Procurement Bureau, P.O. Box 200135, Helena, MT 59620-0135, upon expiration.

18. COMPLIANCE WITH LAWS

The Contractor must, in performance of work under this contract, fully comply with all applicable federal, state, or local laws, rules and regulations, including the Montana Human Rights Act, the Civil Rights Act of 1964, the Age Discrimination Act of 1975, the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Any subletting or subcontracting by the Contractor subjects subcontractors to the same provision. In accordance with section 49-3-207, MCA, the Contractor agrees that the hiring of persons to perform the contract will be made on the basis of merit and qualifications and there will be no discrimination based upon race, color, religion, creed, political ideas, sex, age, marital status, physical or mental disability, or national origin by the persons performing the contract.

19. INTELLECTUAL PROPERTY/OWNERSHIP

19.1 Mutual Use. All patent and other legal rights in or to inventions created in whole or in part under this contract must be available to the State for royalty-free and nonexclusive licensing. Unless otherwise specified in a statement of work, both parties shall have a royalty-free, nonexclusive, and irrevocable right to reproduce, publish or otherwise use and authorize others to use, copyrightable property created under this contract including all deliverables and other materials, products, modifications developed or prepared for the State by Contractor under this contract or any program code, including site related program code, created, developed or prepared by Contractor under or in support of the performance of its obligations hereunder, including manuals, training materials and documentation (the "work product").

19.2 Title and Ownership Rights. The State shall retain title to and all ownership rights in all data and content, including but not limited to multimedia or images (graphics, audio and video), text and the like provided by the State (the "content"), but grants Contractor the right to access and use content for the purpose of complying with its obligations under this contract and any applicable statement of work.

19.3 Ownership of Work Product. Contractor agrees to execute any documents or take any other actions as may reasonably be necessary, or as the State may reasonably request, to perfect the State's ownership of any work product.

19.4 Copy of Work Product. Contractor shall, at no cost to the State, deliver to the State, upon the State's request during the term or at the expiration or termination of all or part of Contractor's performance hereunder, a current copy of all work product in the form and on the media in use as of the date of the State's request, or as of such expiration or termination, as the case may be.

19.5 Ownership of Contractor Information. Techniques, sub-routines, algorithms and methods or rights thereto owned by Contractor at the time this contract is executed and employed by Contractor in connection with the services provided to the State (the "contractor information") shall be and remain the property of Contractor. The Contractor must provide full disclosure of any contractor information to the State prior to its use and prove its ownership. Contractor grants to the State a perpetual, irrevocable, royalty free, unrestricted right to use, modify, transfer and maintain the contractor information. Except as otherwise provided for in Section 11.3 or as may be expressly agreed in any statement of work, Contractor shall retain title to and ownership of any hardware provided by Contractor.

20. PATENT AND COPYRIGHT PROTECTION

20.1 Third-Party Claim. In the event of any claim by any third party against the State that the products furnished under this contract infringe upon or violate any patent or copyright, the State shall promptly notify Contractor. Contractor shall defend such claim, in the State's name or its own name, as appropriate, but at Contractor's expense. Contractor will indemnify the State against all costs, damages and attorney's fees that accrue as a result of such claim. If the State reasonably concludes that its interests are not being properly protected, or if principles of governmental or public law are involved, it may enter any action.

20.2 Product Subject of Claim. If any product furnished is likely to or does become the subject of a claim of infringement of a patent or copyright, then Contractor may, at its option, procure for the State the right to continue using the alleged infringing product, or modify the product so that it becomes non-infringing. If none of the above options can be accomplished, or if the use of such product by the State shall be prevented by injunction, the State will determine if the Contract has been breached.

21. CONTRACT PERFORMANCE ASSURANCE

21.1 Payments. A task order will be issued to a contractor from the established list of microwave contractors. In consideration for the services to be provided, the State shall pay according to the negotiated agreement for each task order. Payments to the Contractor will be based on completion and acceptance of each task order.

21.2 Payment Holdbacks. Twenty-five (25) % will be withheld from each payment. The total amount withheld will be paid to the contractor at the completion and acceptance of the task order.

21.3 Withholding of Payment. The State may withhold payments to the contractor if the contractor has not performed in accordance with this contract. Such withholding cannot be greater than the additional costs to the State caused by the lack of performance.

22. CONTRACT OVERSIGHT

22.1 CIO Oversight. The Chief Information Officer (CIO) for the State of Montana, or designee, may perform contract oversight activities. Such activities may include the identification, analysis, resolution, and prevention of deficiencies that may occur within the performance of contract obligations. The CIO may require the issuance of a right to assurance or the issuance of a stop work order.

22.2 Right to Assurance. If the State, in good faith, has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the State may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the State's option, be the basis for terminating the contract under the terms and conditions or other rights and remedies available by law or provided by the contract.

22.3 Stop Work Order. The State may, at any time, by written order to the Contractor, require the Contractor to stop any or all parts of the work required by this contract for the period of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The State Project Manager shall make the necessary adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

23. CONTRACT TERMINATION

23.1 Termination for Cause with Notice to Cure Requirement. The State may terminate this contract for failure of the Contractor to perform any of the services, duties, or conditions contained in this contract after giving the Contractor written notice of the stated failure. The written notice must demand performance of the stated failure within a specified period of time of not less than 30 days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

23.2 Reduction of Funding. The State, at its sole discretion, may terminate or reduce the scope of this contract if available funding is reduced for any reason. (See Mont. Code Ann. § 18-4-313(4).)

24. EVENT OF BREACH – REMEDIES

24.1 Event of Breach. Any one or more of the following acts or omissions of the Contractor shall constitute an event of breach:

- a. Products or services furnished by the Contractor fail to conform to any requirement of the contract, or
- b. Failure to submit any report required hereunder; or
- c. Failure to perform any of the other covenants and conditions of the contract, including beginning work under this contract without prior Department of Administration approval.

24.2 State's Actions in Event of Breach. Upon the occurrence of any event of breach, the State may take any one, or more, or all, of the following actions:

- a. Give the Contractor a written notice specifying the event of breach and requiring it to be remedied within, in the absence of a greater or lesser specification of time, 30 days from the date of the notice; and if the event of breach is not timely remedied, terminate this contract upon giving the Contractor notice of termination;
- b. Give the Contractor a written notice specifying the event of breach and suspending all payments to be made under this contract and ordering that the portion of the contract price, which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the event of breach, shall never be paid to the Contractor. Once breach is cured, Contractor shall be paid for work completed and accepted by state;
- c. Set off against any other obligation the State may owe to the Contractor any damages the State suffers by reason of any event of breach; or
- d. Treat the contract as materially breached and pursue any of its remedies at law or in equity, or both.

25. WAIVER OF BREACH

No failure by the State to enforce any provisions hereof after any event of breach shall be deemed a waiver of its rights with regard to that event, or any subsequent event. No express failure of any event of breach shall be deemed a waiver of any provision hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other breach on the part of the Contractor.

26. STATE PERSONNEL

26.1 State Contract Manager. The State Contract Manager identified below is the State's single point of contact and will perform all contract management pursuant to section 2-17-512, MCA, on behalf of the State. Written notices, requests, complaints or any other issues regarding the contract should be directed to the State Contract Manager.

The State Contract Manager for this contract is:

Jeannie Lake, Contracts Officer
State Procurement Bureau
Room 165, Mitchell Building
125 North Roberts
P.O. Box 200135
Helena MT 59620-0135
Telephone Number: (406) 444-0110
Fax Number: (406) 444-2529
E-mail Address: JeannieLake@MT.Gov

26.2 State Project Manager. The State Project Manager(s) identified below will manage the day-to-day project activities on behalf of the State.

The State Project Manager for this contract is:

Scott Bradford, Communications Manager
Public Safety Services Bureau
P.O. Box 200117
111 N. Last Chance Gulch, Suite 4-A; Arcade Building
Helena, MT 59620-0117
(406) 444-2782 office
(406) 439-7376 cell
(406) 444-1255 fax
sbradford@mt.gov

27. CONTRACTOR PERSONNEL

27.1 Identification/Substitution of Personnel. The personnel identified or described in the Contractor's proposal shall perform the services provided for the State under this contract. Contractor agrees that any personnel substituted during the term of the contract must be able to conduct the required work to industry standards and be equally or better qualified than the personnel originally assigned. The State reserves the right to approve Contractor personnel assigned to work under the contract, and any changes or substitutions to such personnel. The State's approval of a substitution will not be unreasonably withheld. This approval or disapproval shall not relieve the Contractor to perform and be responsible for its obligations under this Contract. The State reserves the right to require Contractor personnel replacement. In the event that Contractor personnel become unavailable, it will be the Contractor's responsibility to provide an equally qualified replacement in time to avoid delays to the work plan.

27.2 Contractor Contract Manager. The Contractor Contract Manager identified below will be the single point of contact to the State Contract Manager and will assume responsibility for the coordination of all contract issues under this contract. The Contractor Contract Manager will meet with the State Contract Manager and/or others necessary to resolve any conflicts, disagreements, or other contract issues.

The Contractor Contract Manager for this contract is:

Theresa Warren
5200 Great America Parkway
Santa Clara, CA 95054
(408) 567-7149-Office
Theresa.Warren@aviatnet.com

28. MEETINGS AND REPORTS

28.1 Technical or Contractual Problems. The Contractor is required to meet with the State's personnel, or designated representatives, to resolve technical or contractual problems that may occur during the term of the contract, at no additional cost to the State. Meetings will occur as problems arise and will be coordinated by the State. Failure to participate in problem resolution meetings or failure to make a good faith effort to resolve problems may result in termination of the contract.

28.2 Progress Meetings. During the term of the contract, the State's Project Manager will plan and schedule progress meetings with the Contractor to discuss the progress made by the Contractor and the State in the performance of their respective obligations. These progress meetings will include the State Project Manager, the Contractor Project Manager, and any other additional personnel involved in the performance of the contract as required. At each such meeting, the Contractor shall provide the State with a written status report that identifies any problem or circumstance encountered by Contractor, or of which Contractor gained knowledge during the period since the last such status report, which may prevent Contractor from completing any of its obligations or may generate charges in excess of those previously agreed to by the parties. This may include the failure or inadequacy of the State to perform its obligation under the contract. Contractor shall identify the amount of excess charges, if any, and the cause of any identified problem or circumstance and the steps taken to remedy the same.

28.3 Failure to Notify. In the event Contractor fails to specify in writing any problem or circumstance with respect to the period during the term covered by Contractor's status report, it shall be conclusively presumed for purposes of this contract that no such problem or circumstance arose during such period, and Contractor shall not be entitled to rely upon such problem or circumstance as a purported justification for either claiming it is entitled to receive any amount (including without limitation damages or additional charges arising out of a breach by the State of any State obligation) with respect to any of Contractor's obligations hereunder in excess of those previously agreed to; or failing to complete any of Contractor's obligations hereunder.

Submission by Contractor of the status reports shall not alter, amend or modify Contractor's or the State's rights or obligations pursuant to any provision of this Contract.

28.4 State's Failure or Delay. For a problem or circumstance identified in the Contractor's status report in which Contractor claims was the result of the State's failure or delay in discharging any State obligation, the State shall review same and determine if such problem or circumstance was in fact the result of such failure or delay. If the State agrees as to the cause of such problem or circumstance, then the Parties shall extend any deadlines or due dates affected thereby, and provide for any additional charges by Contractor. If the State does not agree as to the cause of such problem or circumstance, the Parties shall each attempt to resolve the problem or circumstance in a manner satisfactory to both Parties.

29. CONTRACTOR PERFORMANCE ASSESSMENTS

29.1 Assessments. The State may do assessments of the Contractor's performance. Contractors will have an opportunity to respond to assessments, and independent verification of the assessment may be utilized in the case of disagreement.

29.2 Record. Completed assessments may be kept on record at ITSD and may serve as past performance data. Past performance data will be available to assist agencies in the selection of IT service

providers for future projects. Past performance data may also be utilized in future procurement efforts.

30. TRANSITION ASSISTANCE

If this contract is not renewed at the end of this term, or is terminated prior to the completion of a project, or if the work on a project is terminated except where contract is terminated due to state's breach, for any reason, the Contractor must provide for a reasonable period of time after the expiration or termination of this project or contract, all reasonable transition assistance requested by the State, to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to the State or its designees. Such transition assistance will be deemed by the parties to be governed by the terms and conditions of this contract, except for those terms or conditions that do not reasonably apply to such transition assistance. The State shall pay the Contractor for any resources utilized in performing such transition assistance at the most current rates provided by the contract. If there are no established contract rates, then the rate shall be mutually agreed upon. If the State terminates a project or this contract for cause, then the State will be entitled to offset the cost of paying the Contractor for the additional resources the Contractor utilized in providing transition assistance with any damages the State may have otherwise accrued as a result of said termination.

31. CHOICE OF LAW AND VENUE

This contract is governed by the laws of Montana. The parties agree that any litigation concerning this bid, proposal or subsequent contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana and each party shall pay its own costs and attorney fees. (See Mont. Code Ann. § 18-1-401.)

32. SCOPE, AMENDMENT AND INTERPRETATION

32.1 Contract. This contract consists of 16 pages, any Attachments as required, RFP # SPB07-1385O, as amended and the Contractor's RFP response as amended. In the case of dispute or ambiguity about the minimum levels of performance by the Contractor the order of precedence of document interpretation is in the same order.

32.2 Entire Agreement. These documents contain the entire agreement of the parties. Any enlargement, alteration or modification requires a written amendment signed by both parties.

33. EXECUTION

The parties through their authorized agents have executed this contract on the dates set out below.

YOUR REFERENCE		TERMS	DELIVERY		QUOTE FIRM FOR	
		Net 30	6-8 weeks ARO		90 Days	
ITEM NO.	DESCRIPTION	PROD CODE	PART NUMBER	QTY	UNIT PRICE	EXTENSION
1.00	DAILY RATES FOR TECHNICAL SERVICES FEE (PER MAN DAY)					
1.01	EF&I Project Field Engineering (labour and daily expenses)				\$1,200	
1.02	Program Management				\$1,850	
1.03	Field Engineer (Notes A, B & C)				\$930	
1.04	Network Engineering				\$1,520	
1.05	Application Engineering				\$1,300	
1.06	Transmission Engineering				\$1,380	
1.07	Path Survey (quoted per request plus field expenses)					
1.08	Field Service Engineer (Note F) Field living expenses are at \$152 per calendar day. Airfare and local transportation will be billed at cost plus 20%. Notes: A)Test equipment rental and associated freight are not included in prices listed. B)Man-day is based on a 10-hour standard day. Overtime is charged as a percentage of the per man-day rate. Airfare is not included. C>Contact Proposals for detail scope of work of each service category listed. F)Field Service Engineer rate is \$1,200 per man-day (\$150.00/hour) plus Field expenses marked up 44% Overtime (in excess of eight hours per day), Weekends and Holidays is \$175.00/hour.					
2.00	RATES FOR FREQUENCY COORDINATION It is understood and agreed that when HSTX undertakes a frequency coordination project for a microwave radio path, it is to mean the following: •A full interference analysis and selection of duplex frequencies for the path. •Mailing of prior notices, negotiation to resolve potential interference cases, and preparation of FCC Supplemental Showing, as applicable. •Preparation of technical information of FCC form 402, Section III, as applicable After the path geometry is fixed, the radio is selected, and the coordination work begins. Microwave Communications reserves the right to charge a rework fee each time the customer initiates any change. For each change, the rework fee shall not exceed the sum of the total fee initially charged. The actual amount of additional charges will depend on how much work has been completed on the coordination and the number of changes implemented.					
2.01	Frequency Bands* (6 – 23GHz) Interference Analysis & Frequency Selection				\$775	
2.02	Typical microwave path (per path)				\$1,550	
2.03	1:N microwave path (per 1:N path)				\$525	
2.04	Prior Coordination Notice and Resolution (1st path).				\$75	
2.05	Prior Coordination Notice and Resolution (additional path).					
2.10	Renewal Notices Required to protect coordinated paths when license filings haven't been submitted. Must be performed within 6 months of last coordination or renewal.					
2.11	For first path				\$320	
2.12	For each additional path at the same time				\$70	
2.20	FCC License Preparation FCC License Prep (per site, incl. Form 601K):				\$495	
2.30	FCC License Submittal Fee**					
2.31	New License - Per site location.				\$1,095	
2.32	Modification to License - Per site location.				\$245	

Interoperability Montana (IM) Digital Microwave Equipment and Services

2.40	Verbal Coordination Expedite Telephone coordination including transmittal of Prior Coordination Notification by fax and requesting expedited case resolution.					
2.41	For first path				\$850	
2.42	For each additional path at same time * Prior coordination (30-day public notice) is required for all frequency bands. This is a public notice so that other users can investigate whether the new frequency will have an effect on their own systems. Should a protest be lodged against a specific frequency, the coordinating company will attempt to resolve the case, making appropriate changes if necessary. ** If the customer desires, HSTX will submit paperwork to the FCC, i.e., HSTX will write the check to the FCC and submit it after the customer has signed the applications.				\$200

Interoperability Montana (IM) Digital Microwave Equipment and Services

YOUR REFERENCE		TERMS Net 30	DELIVERY 6-8 weeks ARO		QUOTE FIRM FOR 90 Days	
ITEM NO.	DESCRIPTION	PROD CODE	PART NUMBER	QTY	UNIT PRICE	EXTENSION
1.00	DAILY RATES FOR TECHNICAL SERVICES FEE (PER MAN DAY)					
1.01	EF&I Project Field Engineering (labour and daily expenses)				\$1,200	
1.02	Program Management				\$1,850	
1.03	Field Engineer (Notes A, B & C)				\$930	
1.04	Network Engineering				\$1,520	
1.05	Application Engineering				\$1,300	
1.06	Transmission Engineering				\$1,380	
1.07	Path Survey (quoted per request plus field expenses)					
1.08	Field Service Engineer (Note F) Field living expenses are at \$152 per calendar day. Airfare and local transportation will be billed at cost plus 20%. Notes: A)Test equipment rental and associated freight are not included in prices listed. B)Man-day is based on a 10-hour standard day. Overtime is charged as a percentage of the per man-day rate. Airfare is not included. C)Contact Proposals for detail scope of work of each service category listed. F)Field Service Engineer rate is \$1,200 per man-day (\$150.00/hour) plus Field expenses marked up 44% Overtime (in excess of eight hours per day), Weekends and Holidays is \$175.00/hour.					
2.00	RATES FOR FREQUENCY COORDINATION It is understood and agreed that when HSTX undertakes a frequency coordination project for a microwave radio path, it is to mean the following: •A full interference analysis and selection of duplex frequencies for the path. •Mailing of prior notices, negotiation to resolve potential interference cases, and preparation of FCC Supplemental Showing, as applicable. •Preparation of technical information of FCC form 402, Section III, as applicable After the path geometry is fixed, the radio is selected, and the coordination work begins. Microwave Communications reserves the right to charge a rework fee each time the customer initiates any change. For each change, the rework fee shall not exceed the sum of the total fee initially charged. The actual amount of additional charges will depend on how much work has been completed on the coordination and the number of changes implemented.					
2.01	Frequency Bands* (6 – 23GHz) Interference Analysis & Frequency Selection				\$775	
2.02	Typical microwave path (per path)					
2.03	1:N microwave path (per 1:N path)				\$1,550	
2.04	Prior Coordination Notice and Resolution (1st path).				\$525	
2.05	Prior Coordination Notice and Resolution (additional path).				\$75	
2.10	Renewal Notices Required to protect coordinated paths when license filings haven't been submitted. Must be performed within 6 months of last coordination or renewal.					
2.11	For first path				\$320	
2.12	For each additional path at the same time				\$70	
2.20	FCC License Preparation FCC License Prep (per site, incl. Form 601K):				\$495	
2.30	FCC License Submittal Fee**					
2.31	New License - Per site location.				\$1,095	
2.32	Modification to License - Per site location.				\$245	

Interoperability Montana (IM) Digital Microwave Equipment and Services

2.40	Verbal Coordination Expedite Telephone coordination including transmittal of Prior Coordination Notification by fax and requesting expedited case resolution.					
2.41	For first path				\$850	
2.42	For each additional path at same time * Prior coordination (30-day public notice) is required for all frequency bands. This is a public notice so that other users can investigate whether the new frequency will have an effect on their own systems. Should a protest be lodged against a specific frequency, the coordinating company will attempt to resolve the case, making appropriate changes if necessary. ** If the customer desires, HSTX will submit paperwork to the FCC, i.e., HSTX will write the check to the FCC and submit it after the customer has signed the applications.				\$200
