Addendum #1

To All Bidders:

The University of Montana will have a site inspection for the above-referenced "Invitation For Bid".

SITE INSPECTION: An on-site inspection of the site should be made by all potential bidders prior to submitting a bid. A University representative will accompany the bidder on said inspection. Each potential contractor should visit the job site to verify measurements and to become fully aware of the conditions relating to the project and the labor requirements. Failure of the bidder to visit and evaluate any special conditions, or to verify descriptions, does not relieve the successful contractor of their obligation to furnish all materials and labor necessary to carry out the provisions of the contract.

An on-site inspection will be conducted at the University of Montana, Physical Plant (Building 32), 32 Campus Drive, Missoula, MT on Wednesday, June 3, 2015 at 9am.

The department's contact person is Chris Newlon at (406) 243-5200 or Vickie Voss, Business Services-Procurement Officer, The University of Montana, telephone (406) 243-2210.

Bidders may use this opportunity to ask clarifying questions or obtain a better understanding of the project or to notify the University of any ambiguity, inconsistency, or error that they may discover upon examination of this bid. All responses to questions at the on-site inspection will be oral and in no way binding on the University.

All other terms of the subject "Invitation For Bid" are to remain as previously stated.
