**Verizon Wireless Calling Plan Optional Features**

**Calling Plans and Associated Charges:** Government Subscribers may activate Wireless Service on the calling plans included with this Agreement, as well as eligible Verizon Wireless consumer/retail calling plans, subject to the terms of this Agreement. On Family SharePlan® calling plans, monthly access fee discounts apply only to the primary line of service. Subscribers may take advantage of promotions or purchase Equipment at Government pricing, but this may require a Line Term extension after initial activation. Some calling plans or monthly access price points may not be available in all markets. Subscriber's first partial and full month's access and any activation fees are payable in advance and will not be refunded after activation of the Wireless Service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to the next full minute. Unused minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber first presses **SEND** or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses **END** or the call otherwise disconnects. Calls made on the Verizon Wireless network are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free; however, airtime may be charged when dialing toll-free numbers. All features may not be available in all Verizon Wireless markets.

**Anytime Minutes:** Anytime Minutes apply when making or receiving calls from a calling plan's rate and coverage area. Coverage information is available at [www.verizonwireless.com](http://www.verizonwireless.com). Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on calling plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial \*228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

**Long Distance:** Unlimited domestic long distance is included when calling from the calling plan's rate and coverage area, unless otherwise specified in the calling plan.

**Customer's Cell Phone Number and Caller ID:** Verizon Wireless will assign one Mobile Telephone Number ("MTN") to each subscriber line. Other than as required to port an MTN, Customer does not have any property right in the MTN and Verizon Wireless may change, reassign, or eliminate an MTN upon reasonable notice to Customer under certain circumstances, including fraud prevention, area code changes and regulatory or statutory law enforcement requirements.

**Unlimited Messaging:** Unlimited Messaging is included with the Talk & Text Plans, and is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non-Verizon Wireless

customers in the United States, (ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, and Puerto Rico. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included. Messaging bundle benefits do not apply to international messages.

**Friends & Family:** Calls directed to and received from an account's listed Friends & Family numbers shall not use Monthly Anytime Voice Minutes. For Nationwide Family SharePlans with 1400 minutes or more, subscribers can add up to ten (10) Friends & Family numbers. Only calls from Nationwide Coverage Area to designated domestic landline or wireless numbers (excluding Directory Assistance, 900 numbers, or customer's own wireless or Voicemail access numbers) may be added; all qualifying lines on an account share the same Friends & Family numbers, up to account's eligibility limits; My Verizon, My Business Account or Verizon Enterprise Center is required to set up and manage Friends & Family numbers.

**Visual Voice Mail:** Visual Voice Mail is only available in the national Enhanced Services Coverage Area and only on select devices. Basic Voice Mail required. Not compatible with Text Messaging Block. Data charges apply during application download and standard messaging rates apply for messages initiated from the application. Accessing Voice Mail, Call Forwarding, Call Return, Personal Operator and other features are subject to airtime, long distance, roaming charges and taxes and Mobile to Mobile Calling minutes do not apply.

**Push to Talk:** Push to Talk calls may only be made with other Verizon Wireless Push to Talk subscribers, and only from the National Enhanced Services Rate and Coverage Areas. For optimal Push to Talk performance, all callers on a Push to Talk session must have an EV-DO Rev. A capable device and be receiving EV-DO service. A Push to Talk call is terminated by pressing END or will automatically time out after ten (10) seconds of inactivity. You cannot prevent others who have your wireless phone number from entering you into their Push to Talk contact list. Only one person can speak at a time during Push to Talk calls. When using your phone keypad to make a Push to Talk call, you must enter the ten-digit phone number of the called party. Presence information may not be available for all Push to Talk contacts. The timeliness of presence information may be impacted by the network registration status of a Push to Talk contact. Your Push to Talk service cannot be used for any applications that tether your phone to computers or other devices for any purpose. Push to Talk-capable phone and feature required. Push to Talk subscribers cannot use Push to Talk or other data products and services (i.e. Picture Messaging, Mobile Web, Get It Now, Mobile Broadband Connect, etc) while roaming on other carriers' networks at this time.

**Mobile to Mobile Calling:** Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) to fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Push to Talk calls, Picture or Video Messaging (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the VZGlobal® services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless exchange restricts the delivery of Caller ID or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

**Night and Weekend Minutes:** Apply to calls made in a calling plan's rate and coverage area only during the following hours: 9:01pm Friday through 5:59am Monday and 9:01pm to 5:59am Monday through Friday.\*

\*NOTE: If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

**Text Messaging:** Text Messaging includes Short Message Service (SMS up to 160 characters) and Enhanced Messaging Service (EMS up to 1120 characters). Enhanced Text Messages sent to most SMS handsets will be delivered as multiple Text messages of up to 160 characters each. Subscribers have the option to have text messages disabled entirely without affecting voicemail or other related services. Text Messaging plans do not include Operator Assisted Messaging or International Messaging, which is available for 25¢ per message sent and 20¢ per message received; see [www.vtext.com](http://www.vtext.com) for details and countries. Verizon Wireless is not responsible for information sent using Text Messaging or Enhanced Text Messaging. Verizon Wireless cannot guarantee that messages will be received and is not responsible for messages that are lost or misdirected. Messages not delivered after 5 days are automatically deleted. Airtime charges do not apply to the sending or receiving of text messages.

When sending messages from Equipment, the sender's MTN will always be sent to the destination, even if Caller ID is used to block voice calls.

**Mobile to Mobile Messaging:** Cannot be combined with any other package that includes a Text or Picture & Video message allowance. Mobile to Mobile Messaging applies only to Text/ Picture/ Video messages sent to and received from other Verizon Wireless subscribers' wireless phones while both wireless subscribers are within the National Enhanced Services Rate and Coverage Area. Additional messages apply to PIX Place, VTEXT/ Text Alerts/ getAlerts, Instant Messaging (IM), Email, Premium Text Services, and Text/Picture/Video messages sent to non-Verizon Wireless customers, and these messages will be decremented from the subscriber's Additional Message allowance or billed as overage. Additional Messages may not be applied toward International Text Messaging, which costs 25¢ per message sent and 20¢ per message received; please see [www.vtext.com](http://www.vtext.com) for additional details and countries.

**Multi-Media Messaging (MMS):** Multi-Media Messaging (MMS) includes picture and video messaging and is only available within the National Enhanced Services Rate and Coverage Area. In addition, MMS messages are \$0.25 per message, per address. In addition to the MMS per message charges, MMS uses calling plan Anytime Minutes or kilobytes. Canceling an MMS message after pressing SEND may result in sent messages that contain only partial content. Subscriber will be charged for outgoing MMS message, even if not received by the intended recipient, or even if only partial content is delivered. Subscriber will not be charged for incoming MMS message unless received. An MMS message that cannot be delivered within 5 days will be deleted. MMS is not available for use with a Mobile Office Kit. Camera phones are prohibited in some places. Subscribers are solely responsible for complying with all applicable laws, rules, regulations and policies regarding camera phone use.

**International Long Distance (I-DIAL):** International Long Distance is available but may be subject to a 90-day payment history with Verizon Wireless. International long distance rates will vary and do not apply to calls to Canada, Puerto Rico, the U.S. Virgin Islands and some U.S. Protectorates, or to credit card or operator-assisted calls. Current international long distance rates can be found at [www.verizonwireless.com](http://www.verizonwireless.com) and are subject to change.

**Verizon Wireless International Long Distance Value Plan:** I-DIAL required to call most countries. Value Plan feature is not available on all Calling Plans. Rates are subject to change without notice. Standard International Long Distance rates apply only on calls made from the Verizon Wireless network. Rates and service availability may vary when your phone's banner displays "Extended Network." Value Plan rates apply only on calls made from your Calling Plan's Rate and Coverage Area. If a subscriber's Calling Plan's Rate and Coverage Area includes Canada, calls made from that area to Canadian phone numbers, as applicable, will be billed per the Calling Plan. For Value Plan subscribers, calls made from the Verizon Wireless network to countries not included in the Value Plan will be billed at standard International Long Distance rates. Additional surcharges may apply when calling certain destinations, see [www.verizonwireless.com/international](http://www.verizonwireless.com/international) for details.

**International Roaming (Global Phone/ GlobalAccess/ GlobalEmail):** International roaming requires digital or tri-mode CDMA phone with current software. Global Phone requires CDMA/GSM- capable phones and compatible SIM card. I-Dial required for GSM roaming, and for CDMA roaming in many destination. Rates, terms and conditions apply only when roaming on participating GSM and CDMA networks in published destinations. Availability of service, calling features, and Text messaging varies by country and network and may be restricted without notice. Premium text messaging programs that are accessible domestically are also accessible when roaming internationally and charges will be in addition to text messaging roaming charges. Where available calls placed to directory assistance, entertainment lines and any third-party services are billed (along with applicable toll charges) in addition to roaming rates. Message waiting indicator service is not available where text messaging is

not available. Availability of services and features, including the ability to make and receive international calls, varies by serving carrier and location and may be restricted without notice. See [verizonwireless.com/international](http://verizonwireless.com/international) for rates and destinations, which are subject to change without notice. Existing subscribers who purchase a Global Phone may have to set up a new voice mailbox and, if so, will lose access to previously stored messages upon activation of Global Phone. Voice mail messages will be time-stamped Eastern Time. Calls to voice mail will appear on the bill as calls to the subscriber's MTN or to 000-000-0086. Taxes, surcharges and other regulatory fees may apply and may vary by country. Billing for airtime used when roaming may be delayed up to two billing cycles. By using Equipment outside the United States, subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that may result from subscriber's failure to comply with Foreign Laws.

**Roaming in CDMA countries outside of the US:** CDMA Roaming rates are available at [www.verizonwireless.com](http://www.verizonwireless.com). Roaming in CDMA countries is only available in "CDMA" mode where service is available. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received, and applies when roaming in most foreign countries. Text messaging rates are subject to change. An update to Equipment software is required to roam in S. Korea.

**Roaming in GSM countries:** CDMA/GSM Global Phone, activated in the United States with compatible subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See [www.verizonwireless.com](http://www.verizonwireless.com) for coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages cannot exceed 140 characters and may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check [www.vtext.com](http://www.vtext.com) for the most current list of participating foreign carriers. Text messages cannot be sent to e-mail addresses.

**Field Force Manager (FFM):** FFM is only available within the National Enhanced Services Rate and Coverage Area. Activation may be subject to a twenty-four hour delay and billing begins 2 days after ordering this service. Monthly access includes unlimited data usage for Field Force Manager. Limited Monthly Access plan and Basic Monthly Access plan for advanced devices are not eligible for business discounts. FFM is available only to Government Subscribers is intended for authorized employees/users in the course of legitimate Government business. Unauthorized or improper use could be a violation of law and may carry civil and criminal penalties. By subscribing to and/or using this service Customer agrees, represents and warrants that: 1) use of FFM by its Government Subscribers will be solely for lawful use and for no other purpose, 2) Verizon Wireless is authorized to access, collect, gather, use and disclose personal location information for all devices with FFM in order to deliver the services, and 3) all disclosures and/or consents from individual Government Subscribers in possession of the devices being tracked and/or monitored will be obtained as required by applicable law, regulation or policy (including but not limited to those relating to individual privacy rights). FFM requires a supported GPS enabled wireless device, specified Calling Plan or Data Plan, downloadable application, valid e-mail address and Internet access for activation and use. Data usage for FFM is included in the monthly subscription fee. FFM may prevent use of other features and services; any incompatible features and services must be cancelled in order to use FFM. Verizon Wireless does not guarantee the accuracy of information transmitted, disclosed, displayed or otherwise conveyed or used. Service could be interrupted or disrupted due to atmospheric conditions, inaccurate ephemeris data and other factors associated with use of satellites and satellite data. Always use caution when displaying and disseminating personally identifiable information about yourself or your location to third parties. Do not attempt to enter or change information while driving. Please observe the Verizon Wireless "Drive

Responsibly" policy, which can be found at [www.verizonwireless.com](http://www.verizonwireless.com). From time to time customers with Limited or Basic service may inadvertently be able to access, view and/or use certain features associated with Basic and/or Premium features of FFM, in order to utilize these features on a regular and ongoing basis, fees associated with the Basic or Premium plan shall apply. Downloading the Field Force Manager application will require approximately 2 MB of data. Data sent or received will be aggregated each month, rounded up to the next megabyte and billed at \$1.99/MB. Megabyte charges will not be incurred for using the application after download to the device. FFM is available on select devices only.

#### Data Plans and Feature

**Data Plans and Features:** Data Plan and Feature usage is subject to Acceptable Use Policy, available on [www.verizonwireless.com](http://www.verizonwireless.com). Monthly Megabyte allowances apply only to Mobile Broadband data transmissions. Other data (Quick 2 Net<sup>SM</sup> or dial-up) transmissions and voice calls will be billed at the per-minute overage rate according to the plan. For optional data features, "other data" will be billed as Anytime Minutes or at the per-minute overage rate according to the underlying calling plan. Mobile Broadband data sessions require Mobile Broadband capable Equipment and must be placed within Mobile Broadband service area. Subscriber MUST press or click END or DISCONNECT button to ensure that session disconnects and charges cease. Third-party applications may automatically reinitiate data sessions without the subscriber pressing or clicking SEND or CONNECT button. Customer must maintain virus protection when accessing the service.

**Permitted Uses:** Wireless Email and Data Plans and Features may be used for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; (iii) intranet access (including accessing Government intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

**Prohibited Uses:** While most common uses for Internet are permitted by a subscriber's Data Plan, there are certain uses that cause network capacity issues and interference with the network. These are not uses intended for Data Access plans and are therefore prohibited. Examples of prohibited uses include the following: (i) server devices or host computer applications, including, but not limited to, continuous Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing applications that are broadcast to multiple servers or recipients such as they could enable "bots" or similar routines (as set forth in more detail in (iii) below) or otherwise denigrate network capacity or functionality; (ii) as a substitute or backup for private lines or dedicated data connections; (iii) "auto-responders," "cancel-bots," or similar automated or manual routines which generate amounts of net traffic that could disrupt net user groups or email use by others; (iv) generating "spam" or unsolicited commercial or bulk email (or activities that facilitate the dissemination of such email); (v) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless Services or other parties' Internet-based resources, including the generation or dissemination of viruses, malware, or "denial of service" (DoS) attacks; (vi) accessing, or attempting to access without authority the information, accounts or devices of others, or to penetrate, or attempt to penetrate, security measures of Verizon Wireless' or another entity's network or systems; or (vii) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time. This means, by way of example only, that using these Data Plans or Features for P2P file-sharing services, web broadcasting, or for the operation of servers, telemetry devices and/or Supervisory Control and Data Acquisition devices is prohibited. Mobile Broadband and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless subscriber has Mobile IP (MIP) capable Equipment. Verizon Wireless reserves the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact your service, and we reserve the right to deny, modify or terminate service, with or without

notice, to anyone we believe is using Data Plans or Features in a manner that adversely impacts our network. We may monitor your compliance, or the compliance of other users, with these terms and conditions, but we will not monitor the content of your communications except as otherwise expressly permitted or required by law. [See [verizonwireless.com/privacy](http://verizonwireless.com/privacy).]

**Megabyte (MB) Data Plans:** Megabyte allowance and charges for kilobytes over the monthly allowance apply to NationalAccess and Mobile Broadband data sessions and are rounded to next full kilobyte at end of each billing cycle. Only total of kilobytes transmitted above allowance each billing cycle may appear on bill.

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit [verizonwireless.com/narooming](http://verizonwireless.com/narooming). In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. 1-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.1XRTT Roaming Feature. When roaming domestically, Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where 1XRTT Roaming is available, see [www.verizonwireless.com](http://www.verizonwireless.com). 1XRTT roaming is available (i) in the Canadian Broadband and Canadian Enhanced Service Rate and Coverage Areas, and (ii) in the Mexican Enhanced Services Rate and Coverage Areas.

**GlobalAccess:** Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and GlobalAccess subscribers will need a NationalAccess or Mobile Broadband PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. Prior to leaving the United States, subscribers must install GlobalAccess VZAccess Manager<sup>SM</sup> and run the OTA wizard. GlobalAccess subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. GlobalAccess internet browsing, email, or intranet access applies to Mobile Broadband and NationalAccess usage within the United States and Canada as well as an allowance of 100MB (\$0.005/KB overage rate) in Tier 1 Countries, and an allowance of 0MB (\$0.030/KB) in Tier 2 Countries. Subscribers to NationalAccess and Mobile Broadband Plans using Global PC Cards may also add GlobalAccess Pay-Per-Use at \$0.002/KB in Canada, \$0.020/KB in Tier 1 Countries, and \$0.030/KB in Tier 2 Countries.

**GlobalEmail:** GlobalEmail capable equipment required. Verizon Wireless reserves the right to terminate the GlobalEmail service of subscribers that have less than half of their usage on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. GlobalEmail subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Text messaging billed at standard domestic and international Text Messaging rates. Existing Verizon Wireless subscribers migrating to GlobalEmail plans may be required to extend their Line Term.

**GlobalAccess and Global Email SIM Cards:** SIM Cards are available for use only with your Global PC Card, Global Smartphone, or Global Phone, and only for the purposes of speeds to a maximum of approximately 200 kbps. Verizon Wireless is not responsible for any unauthorized use of subscriber's SIM Cards and subscriber must safeguard security codes. Placing your GlobalEmail SIM in any other non BlackBerry or Smartphone device could result in additional charges or termination of service. Upon termination of service, subscriber must destroy SIM Card.

#### Share Option

**Share Option:** Sharing is available only among Government Subscribers on applicable calling plans choosing the Share Option.

**Nationwide for Business:** Sharing Option is for voice Anytime Minutes only. Customer must maintain a minimum of five (5) Government Subscriber lines, all choosing a qualifying plan with Share Option. Verizon Wireless reserves the right to remove the Share Option from all subscribers if the 5 Government Subscriber minimum is not met at any time. Each sharing subscriber's unused Anytime Minutes will pass to other sharing subscribers that have exceeded their Anytime Minutes during the same monthly billing period (Mobile to Mobile Calling minutes and Night and Weekend minutes do not share). Each sharing subscriber's Monthly Anytime Allowance Minutes apply first to that line. Unused Monthly Anytime Minutes are then shared with other sharing subscribers that have exceeded their Monthly Anytime Allowance in order of highest usage. At the termination of the Agreement, Government Subscriber lines on Nationwide for Business with Share Option may be migrated onto applicable retail consumer pricing or government pricing. Calling plan changes may not take effect until the billing cycle following the change request. Based on the geographic location of Customer's Government Subscribers, some Customers may have to have sharing subscribers activated in more than one Verizon Wireless billing system. Sharing among subscribers in multiple Verizon Wireless billing systems requires online invoicing or reporting, and a minimum of one hundred (100) Government Subscribers all choosing the Share Option. Unused minutes for cross billing system sharing will be distributed proportionally as a ratio of the minutes needed by each sharing subscriber to the total minutes needed by all sharing subscribers. Accounts that share across Verizon Wireless billing systems require set up that may take thirty (30) to sixty (60) days.

**Mobile Broadband Router Solution Share Plans:** Sharing is available only among Government Subscribers on the Mobile Broadband Router Solution choosing the Share Option. Sharing is only available for data usage (no voice). Each sharing subscriber's unused kilobytes will pass to other sharing subscribers that have exceeded their MB allowance during the same monthly billing period. Customer must maintain a minimum of one hundred (100) Government Subscribers choosing the Share Option on the Mobile Broadband Router Solution Share Plan at all times to qualify; otherwise Verizon Wireless reserves the right to remove the Share Option from all subscribers and/ or cease offering the share plan. Unused kilobytes will be distributed proportionally as a ratio of the kilobytes needed by each applicable subscriber to the total kilobytes needed by all sharing subscribers. Plan changes may not take effect until the billing cycle following the change request. Sharing accounts require set up that may take thirty (30) to sixty (60) days.

**Verizon Wireless Calling Plan Optional Features**

**Calling Plans and Associated Charges:** Government Subscribers may activate Wireless Service on the calling plans included with this Agreement, as well as eligible Verizon Wireless consumer/retail calling plans, subject to the terms of this Agreement. On Family SharePlan® calling plans, monthly access fee discounts apply only to the primary line of service. Subscribers may take advantage of promotions or purchase Equipment at Government pricing, but this may require a Line Term extension after initial activation. Some calling plans or monthly access price points may not be available in all markets. Subscriber's first partial and full month's access and any activation fees are payable in advance and will not be refunded after activation of the Wireless Service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to the next full minute. Unused minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber first presses **SEND** or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses **END** or the call otherwise disconnects. Calls made on the Verizon Wireless network are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free; however, airtime may be charged when dialing toll-free numbers. All features may not be available in all Verizon Wireless markets.

**Anytime Minutes:** Anytime Minutes apply when making or receiving calls from a calling plan's rate and coverage area. Coverage information is available at [www.verizonwireless.com](http://www.verizonwireless.com). Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on calling plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial \*228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

**Long Distance:** Unlimited domestic long distance is included when calling from the calling plan's rate and coverage area, unless otherwise specified in the calling plan.

**Customer's Cell Phone Number and Caller ID:** Verizon Wireless will assign one Mobile Telephone Number ("MTN") to each subscriber line. Other than as required to port an MTN, Customer does not have any property right in the MTN and Verizon Wireless may change, reassign, or eliminate an MTN upon reasonable notice to Customer under certain circumstances, including fraud prevention, area code changes and regulatory or statutory law enforcement requirements.

**Unlimited Messaging:** Unlimited Messaging is included with the Talk & Text Plans, and is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non-Verizon Wireless

customers in the United States, (ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, and Puerto Rico. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included. Messaging bundle benefits do not apply to international messages.

**Friends & Family:** Calls directed to and received from an account's listed Friends & Family numbers shall not use Monthly Anytime Voice Minutes. For Nationwide Family SharePlans with 1400 minutes or more, subscribers can add up to ten (10) Friends & Family numbers. Only calls from Nationwide Coverage Area to designated domestic landline or wireless numbers (excluding Directory Assistance, 900 numbers, or customer's own wireless or Voicemail access numbers) may be added; all qualifying lines on an account share the same Friends & Family numbers, up to account's eligibility limits; My Verizon, My Business Account or Verizon Enterprise Center is required to set up and manage Friends & Family numbers.

**Visual Voice Mail:** Visual Voice Mail is only available in the national Enhanced Services Coverage Area and only on select devices. Basic Voice Mail required. Not compatible with Text Messaging Block. Data charges apply during application download and standard messaging rates apply for messages initiated from the application. Accessing Voice Mail, Call Forwarding, Call Return, Personal Operator and other features are subject to airtime, long distance, roaming charges and taxes and Mobile to Mobile Calling minutes do not apply.

**Push to Talk:** Push to Talk calls may only be made with other Verizon Wireless Push to Talk subscribers, and only from the National Enhanced Services Rate and Coverage Areas. For optimal Push to Talk performance, all callers on a Push to Talk session must have an EV-DO Rev. A capable device and be receiving EV-DO service. A Push to Talk call is terminated by pressing END or will automatically time out after ten (10) seconds of inactivity. You cannot prevent others who have your wireless phone number from entering you into their Push to Talk contact list. Only one person can speak at a time during Push to Talk calls. When using your phone keypad to make a Push to Talk call, you must enter the ten-digit phone number of the called party. Presence information may not be available for all Push to Talk contacts. The timeliness of presence information may be impacted by the network registration status of a Push to Talk contact. Your Push to Talk service cannot be used for any applications that tether your phone to computers or other devices for any purpose. Push to Talk-capable phone and feature required. Push to Talk subscribers cannot use Push to Talk or other data products and services (i.e. Picture Messaging, Mobile Web, Get It Now, Mobile Broadband Connect, etc) while roaming on other carriers' networks at this time.

**Mobile to Mobile Calling:** Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) to fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Push to Talk calls, Picture or Video Messaging; (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the VZGlobal@ services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless exchange restricts the delivery of Caller ID or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

**Night and Weekend Minutes:** Apply to calls made in a calling plan's rate and coverage area only during the following hours: 9:01pm Friday through 5:59am Monday and 9:01pm to 5:59am Monday through Friday.\*

\*NOTE: If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

**Text Messaging:** Text Messaging includes Short Message Service (SMS up to 160 characters) and Enhanced Messaging Service (EMS up to 1120 characters). Enhanced Text Messages sent to most SMS handsets will be delivered as multiple Text messages of up to 160 characters each. Subscribers have the option to have text messages disabled entirely without affecting voicemail or other related services. Text Messaging plans do not include Operator Assisted Messaging or International Messaging, which is available for 25¢ per message sent and 20¢ per message received; see [www.vtext.com](http://www.vtext.com) for details and countries. Verizon Wireless is not responsible for information sent using Text Messaging or Enhanced Text Messaging. Verizon Wireless cannot guarantee that messages will be received and is not responsible for messages that are lost or misdirected. Messages not delivered after 5 days are automatically deleted. Airtime charges do not apply to the sending or receiving of text messages.

When sending messages from Equipment, the sender's MTN will always be sent to the destination, even if Caller ID is used to block voice calls.

**Mobile to Mobile Messaging:** Cannot be combined with any other package that includes a Text or Picture & Video message allowance. Mobile to Mobile Messaging applies only to Text/ Picture/ Video messages sent to and received from other Verizon Wireless subscribers' wireless phones while both wireless subscribers are within the National Enhanced Services Rate and Coverage Area. Additional messages apply to PIX Place, VTEXT/ Text Alerts/ getAlerts, Instant Messaging (IM), Email, Premium Text Services, and Text/Picture/Video messages sent to non-Verizon Wireless customers, and these messages will be decremented from the subscriber's Additional Message allowance or billed as overage. Additional Messages may not be applied toward International Text Messaging, which costs 25¢ per message sent and 20¢ per message received; please see [www.vtext.com](http://www.vtext.com) for additional details and countries.

**Multi-Media Messaging (MMS):** Multi-Media Messaging (MMS) includes picture and video messaging and is only available within the National Enhanced Services Rate and Coverage Area. In addition, MMS messages are \$0.25 per message, per address. In addition to the MMS per message charges, MMS uses calling plan Anytime Minutes or kilobytes. Canceling an MMS message after pressing SEND may result in sent messages that contain only partial content. Subscriber will be charged for outgoing MMS message, even if not received by the intended recipient, or even if only partial content is delivered. Subscriber will not be charged for incoming MMS message unless received. An MMS message that cannot be delivered within 5 days will be deleted. MMS is not available for use with a Mobile Office Kit. Camera phones are prohibited in some places. Subscribers are solely responsible for complying with all applicable laws, rules, regulations and policies regarding camera phone use.

**International Long Distance (I-DIAL):** International Long Distance is available but may be subject to a 90-day payment history with Verizon Wireless. International long distance rates will vary and do not apply to calls to Canada, Puerto Rico, the U.S. Virgin Islands and some U.S. Protectorates, or to credit card or operator-assisted calls. Current international long distance rates can be found at [www.verizonwireless.com](http://www.verizonwireless.com) and are subject to change.

**Verizon Wireless International Long Distance Value Plan:** I-DIAL required to call most countries. Value Plan feature is not available on all Calling Plans. Rates are subject to change without notice. Standard International Long Distance rates apply only on calls made from the Verizon Wireless network. Rates and service availability may vary when your phone's banner displays "Extended Network." Value Plan rates apply only on calls made from your Calling Plan's Rate and Coverage Area. If a subscriber's Calling Plan's Rate and Coverage Area includes Canada, calls made from that area to Canadian phone numbers, as applicable, will be billed per the Calling Plan. For Value Plan subscribers, calls made from the Verizon Wireless network to countries not included in the Value Plan will be billed at standard International Long Distance rates. Additional surcharges may apply when calling certain destinations, see [www.verizonwireless.com/international](http://www.verizonwireless.com/international) for details.

**International Roaming (Global Phone/ GlobalAccess/ GlobalEmail):** International roaming requires digital or tri-mode CDMA phone with current software. Global Phone requires CDMA/GSM- capable phones and compatible SIM card. I-Dial required for GSM roaming, and for CDMA roaming in many destination. Rates, terms and conditions apply only when roaming on participating GSM and CDMA networks in published destinations. Availability of service, calling features, and Text messaging varies by country and network and may be restricted without notice. Premium text messaging programs that are accessible domestically are also accessible when roaming internationally and charges will be in addition to text messaging roaming charges. Where available calls placed to directory assistance, entertainment lines and any third-party services are billed (along with applicable toll charges) in addition to roaming rates. Message waiting indicator service is not available where text messaging is

not available. Availability of services and features, including the ability to make and receive international calls, varies by serving carrier and location and may be restricted without notice. See [verizonwireless.com/international](http://verizonwireless.com/international) for rates and destinations, which are subject to change without notice. Existing subscribers who purchase a Global Phone may have to set up a new voice mailbox and, if so, will lose access to previously stored messages upon activation of Global Phone. Voice mail messages will be time-stamped Eastern Time. Calls to voice mail will appear on the bill as calls to the subscriber's MTN or to 000-000-0086. Taxes, surcharges and other regulatory fees may apply and may vary by country. Billing for airtime used when roaming may be delayed up to two billing cycles. By using Equipment outside the United States, subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that may result from subscriber's failure to comply with Foreign Laws.

**Roaming in CDMA countries outside of the US:** CDMA Roaming rates are available at [www.verizonwireless.com](http://www.verizonwireless.com). Roaming in CDMA countries is only available in "CDMA" mode where service is available. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received, and applies when roaming in most foreign countries. Text messaging rates are subject to change. An update to Equipment software is required to roam in S. Korea.

**Roaming in GSM countries:** CDMA/GSM Global Phone, activated in the United States with compatible subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See [www.verizonwireless.com](http://www.verizonwireless.com) for coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages cannot exceed 140 characters and may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check [www.vtext.com](http://www.vtext.com) for the most current list of participating foreign carriers. Text messages cannot be sent to e-mail addresses.

**Field Force Manager (FFM):** FFM is only available within the National Enhanced Services Rate and Coverage Area. Activation may be subject to a twenty-four hour delay and billing begins 2 days after ordering this service. Monthly access includes unlimited data usage for Field Force Manager. Limited Monthly Access plan and Basic Monthly Access plan for advanced devices are not eligible for business discounts. FFM is available only to Government Subscribers is intended for authorized employees/users in the course of legitimate Government business. Unauthorized or improper use could be a violation of law and may carry civil and criminal penalties. By subscribing to and/or using this service Customer agrees, represents and warrants that: 1) use of FFM by its Government Subscribers will be solely for lawful use and for no other purpose, 2) Verizon Wireless is authorized to access, collect, gather, use and disclose personal location information for all devices with FFM in order to deliver the services, and 3) all disclosures and/or consents from individual Government Subscribers in possession of the devices being tracked and/or monitored will be obtained as required by applicable law, regulation or policy (including but not limited to those relating to individual privacy rights). FFM requires a supported GPS enabled wireless device, specified Calling Plan or Data Plan, downloadable application, valid e-mail address and Internet access for activation and use. Data usage for FFM is included in the monthly subscription fee. FFM may prevent use of other features and services; any incompatible features and services must be cancelled in order to use FFM. Verizon Wireless does not guarantee the accuracy of information transmitted, disclosed, displayed or otherwise conveyed or used. Service could be interrupted or disrupted due to atmospheric conditions, inaccurate ephemeris data and other factors associated with use of satellites and satellite data. Always use caution when displaying and disseminating personally identifiable information about yourself or your location to third parties. Do not attempt to enter or change information while driving. Please observe the Verizon Wireless "Drive

Responsibly" policy, which can be found at [www.verizonwireless.com](http://www.verizonwireless.com). From time to time customers with Limited or Basic service may inadvertently be able to access, view and/or use certain features associated with Basic and/or Premium features of FFM, in order to utilize these features on a regular and ongoing basis, fees associated with the Basic or Premium plan shall apply. Downloading the Field Force Manager application will require approximately 2 MB of data. Data sent or received will be aggregated each month, rounded up to the next megabyte and billed at \$1.99/MB. Megabyte charges will not be incurred for using the application after download to the device. FFM is available on select devices only.

#### Data Plans and Feature

**Data Plans and Features:** Data Plan and Feature usage is subject to Acceptable Use Policy, available on [www.verizonwireless.com](http://www.verizonwireless.com). Monthly Megabyte allowances apply only to Mobile Broadband data transmissions. Other data (Quick 2 Net<sup>SM</sup> or dial-up) transmissions and voice calls will be billed at the per-minute coverage rate according to the plan. For optional data features, "other data" will be billed as Anytime Minutes or at the per-minute coverage rate according to the underlying calling plan. Mobile Broadband data sessions require Mobile Broadband capable Equipment and must be placed within Mobile Broadband service area. Subscriber MUST press or click END or DISCONNECT button to ensure that session disconnects and charges cease. Third-party applications may automatically reinitiate data sessions without the subscriber pressing or clicking SEND or CONNECT button. Customer must maintain virus protection when accessing the service.

**Permitted Uses:** Wireless Email and Data Plans and Features may be used for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; (iii) intranet access (including accessing Government intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

**Prohibited Uses:** While most common uses for Internet are permitted by a subscriber's Data Plan, there are certain uses that cause network capacity issues and interference with the network. These are not uses intended for Data Access plans and are therefore prohibited. Examples of prohibited uses include the following: (i) server devices or host computer applications, including, but not limited to, continuous Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing applications that are broadcast to multiple servers or recipients such as they could enable "bots" or similar routines (as set forth in more detail in (iii) below) or otherwise denigrate network capacity or functionality; (ii) as a substitute or backup for private lines or dedicated data connections; (iii) "auto-responders," "cancel-bots," or similar automated or manual routines which generate amounts of net traffic that could disrupt net user groups or email use by others; (iv) generating "spam" or unsolicited commercial or bulk email (or activities that facilitate the dissemination of such email); (v) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless Services or other parties' Internet-based resources, including the generation or dissemination of viruses, malware, or "denial of service" (DoS) attacks; (vi) accessing, or attempting to access without authority the information, accounts or devices of others, or to penetrate, or attempt to penetrate, security measures of Verizon Wireless' or another entity's network or systems; or (vii) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time. This means, by way of example only, that using these Data Plans or Features for P2P file-sharing services, web broadcasting, or for the operation of servers, telemetry devices and/or Supervisory Control and Data Acquisition devices is prohibited. Mobile Broadband and National Access data sessions automatically terminate after 2 hours of inactivity, unless subscriber has Mobile IP (MIP) capable Equipment. Verizon Wireless reserves the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact your service, and we reserve the right to deny, modify or terminate service, with or without

Verizon Wireless offers this pricing utilizing the terms and conditions of the Western States Contracting Alliance (WSCA) Master Service Contract, Addenda and Attachments can be found on [AboutWSCA.Org](http://AboutWSCA.Org) site for your consideration and review.

notice, to anyone we believe is using Data Plans or Features in a manner that adversely impacts our network. We may monitor your compliance, or the compliance of other users, with these terms and conditions, but we will not monitor the content of your communications except as otherwise expressly permitted or required by law. [See [verizonwireless.com/privacy](http://verizonwireless.com/privacy).]

**Megabyte (MB) Data Plans:** Megabyte allowance and charges for kilobytes over the monthly allowance apply to NationalAccess and Mobile Broadband data sessions and are rounded to next full kilobyte at end of each billing cycle. Only total of kilobytes transmitted above allowance each billing cycle may appear on bill.

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit [verizonwireless.com/narooming](http://verizonwireless.com/narooming). In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO:1XRTT Roaming Feature. When roaming domestically, Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where 1XRTT Roaming is available, see [www.verizonwireless.com](http://www.verizonwireless.com). 1XRTT roaming is available (i) in the Canadian Broadband and Canadian Enhanced Service Rate and Coverage Areas, and (ii) in the Mexican Enhanced Services Rate and Coverage Areas.

**GlobalAccess:** Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and GlobalAccess subscribers will need a NationalAccess or Mobile Broadband PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. Prior to leaving the United States, subscribers must install GlobalAccess VZAccess Manager<sup>SM</sup> and run the OTA wizard. GlobalAccess subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. GlobalAccess internet browsing, email, or intranet access applies to Mobile Broadband and NationalAccess usage within the United States and Canada as well as an allowance of 100MB (\$0.005/KB overage rate) in Tier 1 Countries, and an allowance of 0MB (\$0.030/KB) in Tier 2 Countries. Subscribers to NationalAccess and Mobile Broadband Plans using Global PC Cards may also add GlobalAccess Pay-Per-Use at \$0.002/KB in Canada, \$0.020/KB in Tier 1 Countries, and \$0.030/KB in Tier 2 Countries.

**GlobalEmail:** GlobalEmail capable equipment required. Verizon Wireless reserves the right to terminate the GlobalEmail service of subscribers that have less than half of their usage on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. GlobalEmail subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Text messaging billed at standard domestic and international Text Messaging rates. Existing Verizon Wireless subscribers migrating to GlobalEmail plans may be required to extend their Line Term.

**GlobalAccess and Global Email SIM Cards:** SIM Cards are available for use only with your Global PC Card, Global Smartphone, or Global Phone, and only for the purposes of speeds to a maximum of approximately 200 kbps. Verizon Wireless is not responsible for any unauthorized use of subscriber's SIM Cards and subscriber must safeguard security codes. Placing your GlobalEmail SIM in any other non BlackBerry or Smartphone device could result in additional charges or termination of service. Upon termination of service, subscriber must destroy SIM Card.

#### Share Option

**Share Option:** Sharing is available only among Government Subscribers on applicable calling plans choosing the Share Option.

**Nationwide for Business:** Sharing Option is for voice Anytime Minutes only. Customer must maintain a minimum of five (5) Government Subscriber lines, all choosing a qualifying plan with Share Option. Verizon Wireless reserves the right to remove the Share Option from all subscribers if the 5 Government Subscriber minimum is not met at any time. Each sharing subscriber's unused Anytime Minutes will pass to other sharing subscribers that have exceeded their Anytime Minutes during the same monthly billing period (Mobile to Mobile Calling minutes and Night and Weekend minutes do not share). Each sharing subscriber's Monthly Anytime Allowance Minutes apply first to that line. Unused Monthly Anytime Minutes are then shared with other sharing subscribers that have exceeded their Monthly Anytime Allowance in order of highest usage. At the termination of the Agreement, Government Subscriber lines on Nationwide for Business with Share Option may be migrated onto applicable retail consumer pricing or government pricing. Calling plan changes may not take effect until the billing cycle following the change request. Based on the geographic location of Customer's Government Subscribers, some Customers may have to have sharing subscribers activated in more than one Verizon Wireless billing system. Sharing among subscribers in multiple Verizon Wireless billing systems requires online invoicing or reporting, and a minimum of one hundred (100) Government Subscribers all choosing the Share Option. Unused minutes for cross billing system sharing will be distributed proportionally as a ratio of the minutes needed by each sharing subscriber to the total minutes needed by all sharing subscribers. Accounts that share across Verizon Wireless billing systems require set up that may take thirty (30) to sixty (60) days.

**Mobile Broadband Router Solution Share Plans:** Sharing is available only among Government Subscribers on the Mobile Broadband Router Solution choosing the Share Option. Sharing is only available for data usage (no voice). Each sharing subscriber's unused kilobytes will pass to other sharing subscribers that have exceeded their MB allowance during the same monthly billing period. Customer must maintain a minimum of one hundred (100) Government Subscribers choosing the Share Option on the Mobile Broadband Router Solution Share Plan at all times to qualify; otherwise Verizon Wireless reserves the right to remove the Share Option from all subscribers and/or cease offering the share plan. Unused kilobytes will be distributed proportionally as a ratio of the kilobytes needed by each applicable subscriber to the total kilobytes needed by all sharing subscribers. Plan changes may not take effect until the billing cycle following the change request. Sharing accounts require set up that may take thirty (30) to sixty (60) days.

RFP SECTION NUMBER	RFP PAGE NUMBER	EXCEPTION (Complete detail regarding exceptions must be provided)
3.5.25 3.6.23	48 72	<p>Define how you will improve coverage to using entity offices (buildings/facilities/sub-ground level offices, etc.) that experience inadequate wireless voice service. Identify all basic equipment provided as necessary for your standard operation within your wireless network. Provide in your cost proposal, any hourly rates or other associated costs for on-site installations that may be necessary.</p> <p><i>Verizon Wireless Response:</i></p> <p><i>If you are receiving less than adequate reception in one of your buildings, your Verizon Wireless Account Manager can arrange a survey of your building to determine whether an in-building solution could improve your reception.</i></p> <p><i>Upon completing the survey, your Account Manager can work with you to develop a price schedule and scope of work for the procurement, installation, operation and maintenance of the in-building equipment. These terms would then be incorporated into a separate in-building contract. It is important to note that it may be necessary for Verizon Wireless to acquire necessary leases, permits or zoning changes before implementing some in-building solutions.</i></p> <p><i>The cost and financing of in-building systems is dependent upon several factors, including the complexity of the system, whether a dedicated cell site is necessary for the in-building system, any number of existing or future Verizon Wireless lines associated with such a system, whether the space is publically held or privately, and the number of customers that the in-building system would support.</i></p> <p><i>Verizon Wireless can also work with, or recommend, approved third party in-building providers that can improve coverage in your buildings.</i></p>
